Dear Mr Dlugi,

I would like to thank you for your letter of 6 March 2014 accompanying the ICB Position Paper on the review of the Network Function (NF) Implementing Rule (IR).

We appreciate that the ICB considers that the Network Manager has been effective by providing operational support across the EU Member States and supports our actions to revise this Rule in 2 phases. We also take note of the recommendation to fully consult stakeholders during the wider revision process in phase 2.

We continue to welcome ICB interest in this work and count on you for further input into the planned revisions.

Yours sincerely,

Maurizio Castelletti
